FR: Legislation Committee  
RE: Committee Recommendations

DATE: March 18, 2009  
W. I.: 1131

The Legislation Committee met on March 13 and referred two items to the Commission.

1. **AB 628 (Block)** seeks to authorize toll authorities to charge and collect tolls using digital images of license plates, giving California drivers another toll-paying option.

**Committee Recommendation: Support.**

2. **AB 1135 (Skinner)** seeks to require California vehicle owners to report the current odometer reading of their vehicle at the time of vehicle registration. The bill specifies that the name of the vehicle owner will not be public, while the vehicle and the mileage information would be public information.

**Committee Recommendation: Support and seek amendments to protect the vehicle owner's privacy.**
